PROFESSIONAL SUMMARY

Ambitious Bachelor of Business Administration (BBA) student with a strong passion for data science and analytics. I have earned CompTIA Data+ certification that demonstrates my fundamental skills in data management along with analysis applications. I have mastered the ability to apply data insights for both creating strategic decisions and operational improvements in business environments. My skills for working with multiple team functions bring me to the analytics field where I focus on perpetual progress. I aim to use my education along with certification as a foundation to deliver significant contributions toward data-driven projects.

KEY COMPETENCIES

Data Analytics	Financial Reporting	Team Leadership
Strategic Planning	Negotiations	Communication
Project Management:	Business Development	Research and Market Analysis

PROFESSIONAL EXPERIENCE

Oigetit.ai - Fake News Filter (USA - Remote) Aug 2024 – Nov 2024
